Assessor Comments	A quality line of one brand, vendor bred backgrounder steers. These steers are well bred, sired by top quality Droughtmaster bulls and out of a very good herd of cows. The steers are showing good growth and good structure. The steers are all bred in ticky, lantana, forest country. Since they were weaned the steers have been on a limited silage ration in the paddock as a supplement. The mob has all been pretreated for ease of movement to tick free areas.
