Assessor Comments	65 Excellent quality pure Glenavon Angus blood heifers, July/August drop. These young matrons are the tops of the drop (no heifers retained this year) and are showing plenty of length, depth and softness. True future breeders, these heifers are well bred and come with our highest recommendation. Please note odd heifer noticed with warts and 2 had scarring in one eye that was not considered detrimental. *Note vendor has another 57 heifers in same sale.
