Assessor Comments	Very good quality line of heifer weaners that have plenty of shape and softness ideal to go on feed for domestic trade. Vendor puts a large amount of emphasis on buying good quality bulls to produce weaners out of Santa Composite cows to suit various markets. Lovely type females that would go and make future breeders if given the opportunity. Heifers present in forward condition to continue to go ahead if given the opportunity. They would make great maternal females if required. Treated first dose of Bovillis MH+IBR
