Temperament	Yards	Crush	Paddock
	Quiet: 9 head	Quiet: 8 head Slightly Stirry: 1 head	Temperament not assessed in Paddock
	Cattle are good to draft and handle in the yards and paddock, easy to move, some were slightly uneasy in the crush but nothing silly. They had already been through the crush twice before they were assessed.		
Handled With	Bikes , Dogs , On foot		
Notable Traits	Traits 1 Head old pink eye scarring in one eye		
Assessor Comments	Only a small line of late drop steer calves from the Tuxworth Past co. these cattle were early weaned in Jan and have done well since on some limited feed. They have been on fresh improved pastures and oat crop for only 6 weeks and you can see them powering ahead, just need to make room for the cows and calves now. They are well bred steers that given the right time and opportunity should grow out into nice steers.
