	These steers were good to handle. The odd steer became agitated when pressure was applied but settled quickly when back with the mob.

Assessor Comments	On offer is an outstanding draft of Vendor Bred EU ACCREDITED Angus Steers. These steers are 9 to 11 months of age, are in fresh/forward store condition and present as the perfect article to background further or to feed on. These steers are impeccably bred; the vendor has used Milwillah Sires exclusively for the past 30 years and buys the top end of their bulls every year. These steers are out of excellent large frame cows and if given the opportunity will reach feeder, domestic and export weights. Please note I noticed 2 steers with old pink eye scarring, not deemed detrimental. There was also the very odd steer with weepy eyes at assessment. Also note the same vendor is offering 29 heifers to match the description of these steers in this sale. Terrific steers that come highly recommended.
