	These heifers were good to handle. The odd heifers became agitated when pressure was applied but settled quickly when back with the mob.

Assessor Comments	On offer is a very good line of Vendor Bred EU ACCREDITED Angus Heifers. These heifers are 9 to 11 months of age, are in fresh/forward store condition and present as the perfect article to take on as future breeder heifers; or to background further / feed on. These heifers are impeccably bred; the vendor has used Milwillah Sires exclusively for the past 30 years and buys the top end of their bulls every year. These heifers are out of excellent large frame cows and if given the opportunity will reach feeder, domestic and export weights. Please note I noticed 1 heifer with old pink eye scarring, not deemed detrimental. There was also the very odd heifer at assessment with slightly weepy eyes. Also note the same vendor is offering 47 steers to match the description of these heifers in this sale. Terrific heifers that come highly recommended.
