	Heifers quite sensible in the yards and crush, just a little bit anxious, wanting to get away from the pressure of the handler, leading them to do a bit of rushing at times. Some pushing up the race, and a couple that learned they could turn around.					

Handled With	Once in the crush they all stood very well while the weight was recorded. All exited the crush at a sensible speed and made their way back to the mob in the paddock Bikes , On foot , Vehicles
Notable Traits	Traits 3 Head White flank
Assessor Comments	Very nice line of well structured young Table Top Angus Heifers. 12-13months, and in fresh condition with a nice shine coming off them. Heifers display good frame & length, are showing signs of cycling and are ready to be put out with the Bulls in the coming weeks. Quality young heifers that were originally purchased with the intention of putting a L.B.W Table Top Bulls over them. Change of operation with the purchase of some already in calf heifers has brought forward the sale of these healthy young females.
