Bred in the Upper Murray and sired by AI Angus Chiltern Park Picasso & AI Angus RR Endeavour. The Glen Valley herd have been using leading Angus genetics for several years, influenced with a small percentage of Hicks black composite blood from cows purchased in. This infusion does no harm at all with a small percentage of these steers showing some composite characteristics displaying plenty of shape, length & thickness. These steers are of excellent quality and are predominantly large frame in forward store condition and are vendor bred, grass assured and weaned. Please note due to the season some animals display signs of rubbing but have been treated for lice (refer media).
