Vendor Comments

Would normally fatten and sell steers in the spring, but due to lack of rain & feed aren't able to hold anymore with cows & calves becoming priority. Thus why these steers have become available for purchase.

Assessor Comments	A/c "Corinyah East" offer 32 Murray Grey steers. Sired by Lindsay Murray Grey bulls, Steers are 14 -16 months of age, with a weight range of 300kgs - 387kgs to Avg 336kgs full. Vendor would normally have been in the process of selling these steers fat come spring, but due to dry conditions and lack of rain hasn't been able to hold onto, with their main focus on keeping feed upto cows & calves. Vendor retains all autumn drop steers each year. These steers having plenty of breeding and upside behind them, they are all frame and would be ideal for someone to background or go into a feedlot. Cattle are noted for their doing ability and have a great temperament. Note: 1 head old pink eye scarring.
