| Handled With          | Cows worked smooth and quietly through yards. Odd cow agitated when being mouthed but settled once released.<br>Bikes , Dogs                                                                                                                                                                                                                                                                                                                                                         |     |                         |      |                             |      |
| Assessor Comments     | Buyers. This is a line of big frame Santa & Santa cross PTIC cows. Cows present in good store order with plenty of frame and room. Cows have great bone and depth of body, with plenty of volume and natural muscling. These cows are very fertile being pre tested every year. Cows are PTIC to Santa sires 3 to 7 months. Not all cows have number brands, but they were all monthed. These cows are only for sale due to lose of agistment paddock. Note 1 cow small lump on jaw. |     |                         |      |                             |      |
