Quiet: 23 head	Quiet: 23 head	Temperament not assessed in Paddock

Nice quiet cows to handle, were no fuss throughout entire process. Over many years of handling cattle from "Inchidoney" temprament has never been an issue. Well handled and educated cattle.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A very nice mob of young Poll Hereford breeders with their second calf at foot. Running in one of the highest districts of the Central Tablelands they have been doing an admirable job on their April / May drop calves and will certainly power ahead shown a warmer climate. Bred with Hereford sires from Tycola, Kanimbla and Landillo and now with Karoo Angus calves at foot they present as a very tidy unit. Double Pesti vaccinated along with all other health treatments not many boxes left to tick here. Young breeders with all their lives ahead of them and ready to be rejoined to the bulls of your choice. Calves of a size and age to take full advantage of the spring feed as it comes on over the coming months. Well worthy of close consideration. Note there is one Angus X cow in the mob, if she is a problem and you only want red cows she can be mothered out, happy to work in.
