Temperament

Yards	Crush	Paddock
Quiet: 7 head	Quiet: 7 head	Temperament not assessed in Paddock

Completely relaxed around the yards with people moving in & around them. Very calm and easy to draft and mother up. A few were slightly nervous going through the race, but all stood sensibly in the crush and exited the crush at a steady walk. Could not fault them. Very very quiet females

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Opportunity to purchase a very nice line of top quality Angus/Poll Hereford females with outstanding Angus calves at Foot. Young breeders that all calved unassisted & unsupervised on a broad acre cropping focused property. Doing an exceptional job at their first attempt at motherhood with all calves looking fresh & sappy & like they've never missed a feed or seen a tough day, averaging just under 200kg at just 4 & 5 months. Heifers are all in forward condition, carrying a big tank of milk underneath them, and have been running with the Jarobee Angus Bulls since calving. Buyers please Note. Vendor has another lot of the Black Baldy sisters in same sale.
