Assessor Comments: A lovely line of heifers expected to commence calving in the spring. They handled the assessment process with ease and

	would be ideal for someone looking for a quiet line of heifers to take on, they have not been pregnancy tested. The bull went in on the 23rd of January and their joining time is from 8 to 12 weeks but date of moving the bull out was not noted. Please note 1 heifer appears to have had lice and rubbed hair out on neck and shoulders also please note the bull jumped the fence into the herd along with other cattle on the 10/8 (last Friday)
