	Exceptionally quiet, well handled young females. None showed any stress or anxious behaviour throughout assessment. All very well mannered. Brought from the back yards to the race by a single handler, all led up the race, stood perfectly still on the scales, exiting at a walk. Just one Heifer who was a bit nervous about going up the race, after her last visit was to be preg tested. She did need some electrical encouragement, but never stirred up from the prodder, just quietly made her way up.

Assessor Comments	Very nice line of extremely quiet Ardrossan Angus Blood Breeders. All vendor bred females that have been part of the core breeding herd. Only offered for sale due to changing over to an all Autumn calving operation. Pretty faced, heavy skinned breeders that have an easy doing style about them, maintaining a soft, feminine appearance and healthy fat score, even through the recent trying seasonal conditions. Stamilea Park have set their target on producing high growth weaners with a quiet temperament, regularly produce weaners for the feature store sale's that hit that 400kg mark. All PTIC to a Dunoon Booroomooka Paragon Bull (EBV's available) For a late August/September calving
