Very well mannered young females. Extremely quiet to handle in and around the yards. Stood like lambs in the crush, and all exited at a steady walk, even despite being preg tested on their last visit to the yards. Lovely breeders that could be handled by a stock person of any experience.

| Assessor Comments | Medium framed females that won't eat as much as a large framed matron, but will still produce a good strong Spring calf in just a matter of weeks. Good line of young mothers in the prime of their life, that have the temperament and frame to be best suited to a hobby farmer wanting to utilise some of the incoming Spring feed. Please see photos & video for full contentment. |
