Assessor Comments	An excellent line of 2nd calving Angus Cows , PTIC to commence calving from Sept 22nd for 4 weeks to a easy calving Crawford Angus Bull. These Cows have all calved unassisted before and showing forward in calf. Note, there is the odd heifer with white belly, behind the navel. Odd blue eye scarring and wart, otherwise all heifers sound and ideal condition to maintain for calving. These heifers were purchased ex feature Vic Weaner sales 2022, from Mortlake and Casterton Blue Ribbon sales. All treatments up to date. The works been done buy with confidence.
