Assessor Comments	Buyers today on offer we have 36 Weaner Steers. Majority of the Steers are of a Santa, Droughtmaster, Brahman Cross Cow herd and are an average weight of 180kg on delivery. All Steers are bred in light forest country and are ready to perform given the right opportunity. The Steers are currently be tailed daily. Its a credit to the breed to see how the Steers have come through a harsh winter in their area. Steers were all very soft and easy to handle on assessment which is a true credit to the Vendor. Please note these cattle are in the Tick area and will require clearing to enter the clean area and this will be at the purchaser's expense, Vendor has pretreated to help this process.
