Assessor Comments	An exceptional draft of well-bred Angus heifers presenting in strong forward condition. These heifers would ideally suit both a breeder program and feedlot. Carrying genetics from some of Australia's top Angus studs; including Eaglehawk, Texas, Ascot, Booroomooka & Millah Murrah these heifers are quality future breeders that would not look out of place in any breeding operation. They are front paddock heifers, averaging 396.7kg at delivery, ready to join with the bull of your choice. While mustering and yarding all heifers were a pleasure to handle, with a placid temperament. Only a small handful stirred in the crush, however, settled immediately on release. Please note that one heifer does have white under udder. Also note that the vendor has another lot of 21 quality heifers in the same sale.
