Vendor Comments

Having to make room due to keeping more heifers. Would normally be carried out to slaughter weights.

Assessor Comments	15 very neat Charolais steers that have tremendous shape and length. They display good bone, thickness, yield and all the typical qualities you would expect from well bred Charolais cattle. Plenty of weight and growth yet remain soft. These steers have been very well educated and are easy to handle. Sired by ANC and Temana Stud Charolais Bulls. A few steers show signs of a "splash" of Charbray from their mothers. 8 Red factor steers and 7 white steers. 2 steers the slightest cloudy eye - not detrimental. Ideal steers to continue on crop or grain finish. They should grow into heavy steers or bullocks - grass or grain. Eligible for Grass Fed and Antibiotic Free markets.
