Preg Tested?	Yes, this lot was pregnancy tested, by Dr Alana Davies (Vet) on 31/03/2024. 18 Head (100%) PTIC, from 7.5 to 8.5 months (at time of assessment 21/08/2024). Certificate Available.		
	Store Condition Store 100%		
Temperament	Yards	Crush	Paddock
	Quiet: 16 head Slightly Stirry: 2 head	Quiet: 16 head Slightly Stirry: 2 head	Temperament not assessed in Paddock
	The cattle handled well and moved through the yards with ease. They remained calm during the assessment, with only two cows becoming slightly restless when pressured to stand on the scales, but they quickly settled once they left the crush. These cattle are suitable for handlers of any experience level.		
Handled With	Dogs , On foot , Vehicles		
Notable Traits	Traits		
	4 Head slight rubbing marks		
	1 Head white on belly		
Assessor Comments	This line of PTIC females presents an outstanding opportunity to invest in a buyer's market just as spring approaches. With grass beginning to grow, these cattle are poised to thrive. As they carry only their second calf, these young cows have many productive years ahead, with no expenses spared by the vendor. They are ideal for anyone looking to start a herd or for those wanting to grow their existing herd with some solid young females.		
Assessor	Fraser Cameron (Level 2 Accredited) Phone: 0428 671 448
