Assessor Comments	This small lot of Heifers and calves would be an ideal top up for any high end commercial Angus herd as you can see the vendors have done an excellent job of managing these Heifers they are in great condition and have very strong healthy calves at foot.The Banquet bull has been running with them since May 21 4 were Detected in calf 2 undetectable at preg test the bull has stayed in and will stay in until delivery. The vendors are exiting out of cows & calves that is the only reason these cattle have become available. The vendor has been using Banquet bulls for a number of years these Heifers & calves are all Banquet blood these Heifers were bred and retained as genuine replacements for there herd.Please note 1 5yr old cow in this consignment and 1 Angus/shorthorn Heifer
