Assessor Comments	18 Angus and Black Baldy heifers PTIC to an easy calving Harris Farms Angus bulls for mid September calving for 8 weeks. The heifers are August/September 2022 drop and purchased from East Gippsland. These heifers are a great opportunity for buyers to purchase a quality line of heifers that are realistically reserved. They have been running in hill country for the winter on short grass, and if given a chance they would jump ahead. The vendor has selected the Harris Farms Angus bull for easy calving, good muscle shape and high growth. Please note heifers were drenched during assessment and 4 heifers have an old pink eye scar that does not effect their vision.
