Notable Traits

	Traits
1 Head	Pink eye scarring

Assessor Comments: Young Angus cows which have all reared calves and are PTIC again with high marbling Wagyu bulls used with a tight calving window, vet scan indicates 16/3 until 6/4 totalling 21 days. There is only 2 head which are 8 years old the rest being 5 years old. Only offered due to seasonal conditions in south west vic otherwise would be retained to produce F1 Wagyu Angus progeny for high end beef. These young cows handled well and would be a welcome addition to any herd, ideal young cows with the hard work all done they present in ideal condition moving forward and would be easy to maintain until calving early next year. A full animal health program is in place with all treatments and vets calving dates attached to the assesment. Please note vendor has 1 other lots of PTIC young Angus cows totalling 45 head on offer.
