Assessor Comments	A run of the vendor bred heifers excess to vendors requirements. these cattle are only offered for sale due to vendor streamlining the breeder herd (these heifers being a terminal cross within the vendors breeding operation) The heifers have been running on light country and will bounce wherever they go. They are in strong store condition, they are all frame and no weight these cattle have huge compensatory gain potential with options to background and/or even keep a selection of some of the better end heifers for breeders.
