	These steers are a credit to the vendor's stock handling. They have had the foundation of a good education and are an absolute pleasure to handle through the yards and in the crush.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses , On foot		
Notable Traits	Traits 1 Head Pink eye scarring.		
Assessor Comments	Buyers a very good line of weaned Angus and Ultrablack cross steers. These steers show the length in body, thickness of bone and depth of muscling that can be attributed to careful bull selection. As previously mentioned the vendors have done an outstanding job at presenting a very quiet and even line of steers that will go onto perform on grass and grain throughout their lives. Buy with confidence. Vendor has one other lot of cattle in this same sale.
