Assessor Comments	Buyers, here is a neat 3 deck line of good quality flatback heifers. These heifers present good length and stand on sound bone. They have a LWR of 303kg to 423kg with an average weight of 377.7kg at assessment. Heifers have had all the hard work done and are growing well, they will continue to power ahead if given the opportunity on good feed. This line of heifers would be ideally suited for the feeder or slaughter markets, whether it be direct into the feed pen as trade weight heifers or to put on good quality pastures and take through to heavy feeder or slaughter weights. This lot has been pretreated for cattle ticks to assist potential buyers in the tick free area, however, it will be the purchasers responsibility to ensure all cattle tick regulations are followed. Please note there are 3 heifers with old fly bite scaring. Please note the vendor has another 3 deck line of heifers in the same sale.
