Steers are picking up nicely after a tough start to life due to dry conditions and limited feed for their mums.

Temperament	Store Condition		
	Yards	Crush	Paddock
	Quiet: 47 head Slightly Stirry: 5 head	Quiet: 47 head Slightly Stirry: 5 head	Temperament not assessed in Paddock

Handled With	Steers were easy to handle in the yards a few steers were slightly stirry through the crush and race Bikes , Dogs , On foot , Vehicles
Assessor Comments	A good line of crossbred weaner steers off coastal country that are ready to go ahead in a good paddock or crop, these steers have the frame to be ideal for the future feedlot or slaughter markets. Steers were let go back with their mums after the assessment but have very little to no milk fat on them and are ready to be weaned. a few steers have slight rub marks. Steers were treated with moxecto at time of assessment.
