Assessor Comments	Buyers an opportunity to buy 3 decks of VGQ PCAS eligible Droughtmaster x weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week and up to 3 weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that have plenty of bone, length & confirmation. Heifers have a good performance record and will suit to grow out to heavy feeders or would very much suit a future breeder program. Note 2 x family brands in this line.
