Assessor Comments	Buyers an opportunity to buy 4 decks of VGQ PCAS eligible Charolais X weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week and up to 3 weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. Heifers would suit as future breeders or have a good performance record and would suit to grow out as heavy feeders or kill weights. Thes heifers are showing plenty of bone, length and confirmation. There is a total of 260 heifers in the run with delivery being a even run out the gate. Note 2 x family brands
