Assessor Comments: Buyers, This is a well bred line of top quality weaned Charolais cross heifers with great compensational weight gain. These heifers present in store condition with plenty of frame and softness. Heifers ooze softness with skin and depth, they also have good volume and thickness but still remain feminine types. NO Heifers have been retained. These heifers are very quiet to handle through yards and out in paddock. Heifers would make ideal future breeders or feeders. Heifers are Grass only eligible and Antibiotic free. Vendor has other line in same sale.
