Assessor Comments	Line of cross bred yearling heifers, predominately Angus x, presenting in good store to forward condition, heifers are not station mated, some do have rubbing over hips & tail. Vendor will remove management tags prior to delivery. Odd heifer has small ringworm scarring on face. Heifers are going ahead on good winter feed and should, given the opportunity, continue to grow and fill out. Nice neat 2 decks of heifers, with 2 decks of their brothers same sale.
