Assessor Comments

An excellent offering of Angus and Angus X Cross Steers A/C the breeder. Heifers are Talooby and Tattykeel Bld Station bred Cows and are by Tattykeel Stud bulls. Heifers weighed 344 -470kg after a 1 hour curfew. Heifers have come through winter and will really push a head with the welcomed warm weather. Vendor would usually retain as replacement heifers, but only selling for a change of direction. No bulls are held on the property. Great opportunity to join to a bull of your choosing given the time of year, or alternatively take onto heavier domestic specs. Please note: 1hd has old pink eye scarring in both eyes. Not visionally impaired and weighed 467kgs at time of assessment. Successful purchaser has option to exclude from sale. Please refer to video for reference.
