Great to handle in the yards and moving through the assessment all cattle were individually weighed and showed no signs of agitation. The owner has yard weaned and had the heifers running on agistment since July then as one mob on new property. Heifers were calm and moved through the race and crush with ease.

Assessor Comments	90 ANGUS HEIFERS EXCELLENT GROWTH & SHAPE YARD WEANED B DOUBLE LOAD These top quality grass fed Angus heifers weaners represents the hard work the vendors have been putting in. Noted Locally in the Upper Murray sent on agistment in June to greener pastures and have been putting on .75 kg per day since moving north with genetics backing them up primarily Ardrossan Angus Bloodlines. These quality steers are grass fed only and antibiotic free for any producer wishing to target that market. With quality genetics Te Mania & Ardrossan Angus being used normally being kept to join only being sold due to being excess to owners requirements. The Heifers are very balanced and will grow on. The weaning and training in yards and paddocks has been done. An odd heifer has got old signs of ringworm but not detrimental. . ANIMAL HEALTH treatments Ultravac 5 in1, Cydectin Platinium, Flukecare C & Multimin
