	Excellent cattle to handle. I moved around them in the yard with very little disturbance. Being yard weaned several weeks ago has made them quite used to human contact

Assessor Comments	An excellent draft of the Crafter cattle. They are weaned, soft coated, quiet and ready to fly on good feed. The feedback from previous buyer has been excellent. Put them on good feed and watch them bloom. Note one steer has white on the belly. There are several Angus cross cows in the Crafter herd They have not been drenched or de-liced. There is evidence of shoulder rub and I would recommend this be part of their induction.
