Assessor Comments	A very good line of aged Angus Cows PTIC to Rockyview Angus Bulls. Cows are large frame and very good well bred Angus Cows. Mob includes 3 Stud Angus Cows purchased from NB Genetics. Fit to load rules will apply as some cows appear heavy in calf. Cows that have consistently produced very good calves. Ideal cows to calve out and split. Have the potential to be very heavy cows when fat. Part dispersal of vendors breeding herd due to a change in circumstances. Tail has been drafted out. Fit to load guidelines will be adhered to on trucking. Note Vendor has another 4 lots this sale.
