Assessor Comments	Here is your opportunity to purchase 2 decks of Vendor Bred; EU Accredited; quality mixed aged Cows & Calves. The cows present in strong healthy condition, with the majority showing depth with softness but also providing ample tucker, giving the calves a cracking start to life which is evident by the calves condition and sheen. The cows have not been with a Bull since calving giving you the opportunity to put out for breeding with the sire of your choice. The owner is only selling because the cows do not fit in with their current female herd required breed type. * Please note* There is some clouding in a couple of eyes but not detrimental ** Calves will be delivered NOT branded - aprox 17 male & 14 Female calves.
