| Assessor Comments  | Good quality young heifers doing a great job with their first calf at foot and have been running back with full blood high marbling Wagyu bulls since 2/7 and will remain until delivery. Calves are sired by bulls that are over 2 for marbling and joined to high quality bulls that are again over 2 for marbling. A neat group of young Angus heifers with sappy fresh calves at foot that would be a great starter mob for anyone wishing to get into Wagyu genetics. |                                     |       |                 |               |               |                                     |           |     |       |      |   |     |      |     |  |  |   |     |
