Assessor Comments	An annual draft of Margan Pastoral weaner steers, with a 30% tail removed. The steers present in forward to fresh condition, show length, softness and frame. Considered the best draft of weaners presented in recent years. Sired by very good quality Blue-E composite bulls and Yamburgan/Futurity Shorthorn bulls; they're well bred cattle. Drenched at assessment under vet guidance with a recent worm test showing an average of 80eggs per gram. Pink eye scarring noticed, 15-20 head estimated to be affected, in one eye. No steers are vision impaired due to this.
