Vendor Comments

Annual sale of our weaner steers. We are very happy with the frame and bone in the heifers this year.

Joining Details

Not Station Mated

Any Access To Bulls or Stags?

To vendor's best knowledge, this lot has had no access to bulls or stags.

Temperament	Quality Grades		Store Condition		Paddock
	Very Good	100%	Store	100%	
	Yards		Crush		
	Quiet: 42 head		Quiet: 42 head		

Temperament is a real feature of these heifers. These cattle are properly handled from the start, yard weaned and use to being moved through race and crush. Whilst taking photos the cattle were comfortable with people walking through them and pushing them around. Exceptionally quiet cattle that are a pleasure to handle.

Handled With Bikes , On foot , Vehicles

Notable Traits Traits
2 Head Blue eye/pinkeye scar

Assessor Comments The Simpson family have been breeding Angus cattle for many years and are passionate about producing cattle to suit their breeding needs but also perform in the feedlot or grass-fed markets. Bulls are selected annually, that are structurally sound, have good temperament and fleshing ability. A high importance is also placed on growth rates, maternal traits & positive fats. The cows are large frame, deep bodied cows and the quality shines through in these progeny. These heifers would be ideal to grow out and retain as breeders or take out to grassfed or feedlot markets. They are eligible for grass-fed programs as they are pasture reared and anti-biotic free.
