Vendor Comments

Annual sale of steer weaners. Lead draft of Steers from Taradale property. Very happy with how the calves have grown out & temperament

Muscle Score

Temperament	Yards	Crush	Paddock
	Quiet: 91 head Slightly Stirry: 2 head	Quiet: 90 head Slightly Stirry: 3 head	Temperament not assessed in Paddock
	Very easy weaners to handle and stood on the scales with a minimum of fuss & exited the crush calmly. Properly yard weaned and educated. 2 Steers did become a little agitated on scales but quickly settled once back in the mob. Have no hesitation in recommending their temperament. See video for quietness of cattle.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Lead draft of the Rogers Family Steer Weaners bred at "Taradale" in the Tumbarumba high country & trucked to Holbrook for weaning & sale. Out of a high grade Angus Herd that is predominately Hazeldean Blood with some Dunoon & Bowmont influence as well. These steer weaners show all the positive attributes of the Angus breed - Great temperament, growth and weight for age and easy doing. Vendor shops at the top end of bull catalogues and it shows in the quality of the breeding of these calves. These steers will grow out into A grade feeders or take through to heavyweight grassfed kill cattle. Well bred, properly yard weaned, quiet steers that will continue to gain weight through the Autumn and will not disappoint. All calves weighed 300kg and above at assessment. Grassfed & antibiotic free declaration available upon request. Vendor also has a second draft in this same sale, 51 steer weaners, same description averaging 256kg.
