Assessor Comments	Buyers rarely does an opportunity arise to secure a line of light weight, Vendor bred USDA NOP Organic GAP certified heifers of this quality. Bred from medium to large framed Ultrablack and Brangus cows sired by Palgrove and Telpara Hills Ultrablack and Sandon Glenoch Angus bulls. These girls present in store condition due to cows drying up with failing season and most showing signs of lice. Heifers have the depth of breeding to go onto make great replacement breeders given the opportunity on good feed, alternatively they could be backgrounded for the lucrative Organic feeder of slaughter markets. Please note one observed with large navel and two with slight blight scarring in one eye. Vendor has 3 decks of brothers in same sale
