	steers worked well though the yards considering only being weaned 2 days with only a couple becoming agitated in race and crush but settled well once returned to mob. Coming from a naturally quiet herd strs will settle down well through the weaning process.

Assessor Comments	Buyers a rare opportunity to secure a 3 deck line of light weight Vendor bred USDA NOP Organic and GAP Certified weaner steers. Bred out of Medium to Large framed Ultrablack and Brangus Cows sired by Palgrove and Telpara Hills Ultrablack and Sandon Glenoch Angus bulls. These steers present in store condition due to cows drying up with failing season and most showing signs of lice. Steers have the depth of breeding to power ahead on good feed as they are all frame and no fancy condition. Ideally suited to take through to the lucrative Organic feeder or slaughter market. Please note 4 hd had castration rings put on two days ago, 1 has small dog bite on offside hind leg and 2 have slight blight scarring in one eye not considered detrimental. Vendor has 4 decks sisters this sale .
