	Very good quiet steers to handle. 1 brindle steer rushed through crush, settled when back in the mob.

Assessor Comments	A good line of Droughtmaster X steers. Very quiet steers that have had plenty of handling. Have been running as a mob of 800 mixed sexes, being rotated. So will take off on better feed. Steers are healthy in the coat from the lick and all frame, ready to stack the kilos on. Odd steer, small vaccination lump, or later cut.
