Vendor Comments

Very happy with these Santa Cross heifers, they have come from a line of big frame Cows and good milkers. Should make nice breeders

	Heifers performed well throughout the assessment process; a couple were unsettled during the weighing process but once back with their mates they settled back quietly. Overall, a good temperament line of Heifers					
Assessor Comments	A nice draft of Crossbred heifers, these heifers would be suitable for your local trade feeder market or would be excellent heifers to grow out to Export feeder types. Plenty of Length and bone and stand well. The nice cross of the Santa Bull over the Hereford females has given some quality heifers with plenty of class about them. These heifers have been bred out of large frame Cows and cows that milk well so would be ideal to put away as future breeders. There was one Heifer that had slight blight at weaning and was treated but showing no signs now. overall, a quality draft of heifers that you would certainly be happy with in your front paddock. this vendor also has a draft of 16 Hereford heifers in this sale.
