Weaners flowed well through yards and up the race with ease. The odd steer stirred in crush but settled once back in the mob. Cattle have been in hand twice since weaning and have endured a truck ride for yards around the station back to the house.

Assessor Comments	Buyers an opportunity to buy a run of 136 VGQ PCAS eligible predominantly Ultrablack & Santa X Steers that are being offered delivered to Roma or Morven yards. These steers have all the right bloodlines and genetics and are best described as medium to large frame relative to age. This line of steers have been well educated by vendor through yards and will remain on good quality hay until delivery. A very reputable line of cattle for sale that show good bone, length & plenty of frame that will be ideal to put away on grass and grow out to heavier weights. A line of steers that will see extremely good compensatory gain in them given the chance on crop and will make excellent heavy feeders or bullocks. At assessment a small number of steers looked to show some signs of lice and would recommend a backline upon delivery. **VENDOR IS OFFERING TO DELIVER CATTLE TO ROMA OR MORVEN**
