Assessor Comments

Excellent opportunity to secure an EU accredited, B double load of high marbling, growthy steers that are being offered on the AuctionsPlus platform as young weaners that are usually sold direct to high end feedlot. These steers are highly sought after and attract a premium price from feedlots given their reputation to perform. Out of a high performing herd of Hazeldean Angus Cows, with the recent introduction of Shacorrahdalu Angus genetics. Always carefully selecting sires for +3 IMF, above average 400DW & positive carcase figures, as well as A.I programs to improve overall herd quality. These steers present in fresh store condition and will go forward on delivery & are really starting to do with some sun on there back coming in to spring. An ideal line of steers to take on with the reputation to back your investment.
