Extensively handled, quiet young steers. Temperament has been bred into these cattle, together with good handling making them a pleasure to work with. All steers quietly walked through the yards with no issues. Walked on the scales

	without hesitation and stood well to be weighed. Only 5 steers showing some anxiety in the crush, leaning on the back gate & some tail flicking, these steers were listed above as slightly stirry.

Assessor Comments	Absolutely outstanding young steers with exceptional growth for age. Tops of their drop, deep, long barrelled with stacks of yield in them & meat all the way down to their hocks & knees. These baby bullocks have fantastic length, depth and width, and its almost impossible to find a fault with them. Ready to turn out on a crop or put straight on feed. These steers have been given the best start possible and are ready to take on and turn in to Bullocks. 100% Grass only fed, Antibiotic Free. Eligible for all Grass only programs. Grass Fed Antibiotic Free. Please see Photo's & Video's for full contentment.
