Quiet: 10 head	Quiet: 9 head Stirry: 1 head	Quiet: 7 head Slightly Stirry: 3 head

Quiet young steers to handle in the yards. All stood very calmly on the scales and exited the crush at a walk. Just one that

	was quite anxious in the crush, doing some rocking and weaving, settled back down once he stepped out and returned to his brothers. All quiet to handle around the small yards, in close proximity to the handler(s) at all times. Let out into the paddock for photos, still very calm and sensible whilst just a few having a slightly bigger flight zone.

Assessor Comments	Good line of well bred, quiet natured steers to take on to some Spring feed. Have been running on the side of a cold, rocky, hilly paddock with only basic, native vegetation to graze. Despite this, they all present in healthy 2 score condition and will kick away with the sunshine if you show them a bit of feed. Out of moderate framed cows, meaning these steers will finish early and yield strongly, making them an ideal shorter term bullock investment. Steers that were very quiet to handle in and around the yards and would be a nice line of steers to appreciate in the front paddock. Buyers please Note. Vendor has another lot of the younger Spring drop brothers in same sale (5-6 months younger)
