| Assessor Comments  | A very good line of EU steers. These steers are very quit and preform very well to grain feeding. They are showing great stretch and frame for age. These steers would grown into very big bullocks if shown grain. Even with the season that we have had they have grown very well. Highly recommend these cattle. Very well bred, credit to the vendor. The vendor also has a line of 19 heifers in this sale which may help with trucking. |                                           |                |
