Assessor Comments	A very good through to excellent group of well-bred Angus X Angus cows with a quality calf at foot. These cows were purchased as weaners back in 2017 off Lombardy. The cows bloodlines consist of majority Clunie Range and Texas Angus bloodlines. The calves are sired by a Neville Duddy bred bull. ** Neville Duddy has consistently secured the absolute top end from various Angus stud breeders ** This cow and calf unit would suit to hold over time and wean a high quality weaner and still have a quality kill cow on the other end. An exceptional opportunity to step into large framed quality Angus cattle. NOTE: 1 cow showing slight lameness at assessment.
